Why Japanese?

Japan shares business partnership and cultural friendship with the U.S and many other countries in the world.

Learning Japanese broadens your cultural perspectives and enriches your opportunities for employment upon graduation.
Learning Japanese exposes you to GREAT Ways to

Get Globally connected
Rethink your own culture
Explore future opportunities
Access pop-culture and cutting-edge technology
Think critically
But... Japanese is hard to learn, right?

Yes, learning Japanese is challenging. But it will make you an achiever.

If you do not know anything about the language now, don’t worry. We will take good care of you.

Our Japanese program is designed to improve your four language skills: listening, speaking, writing, and reading.
Can I major in Japanese?

Well… at this point, we do not offer Japanese as a major. But you CAN

• Study Japanese as your primary language for LLC major with Global Language and Communities concentration

• Be an IGS major/minor with Asian Studies concentration
